

New travel brand Kamiliant was created with adventurous travellers in mind. Inspired by the colours and hardiness of the chameleon, the brand's philosophy is to offer luggage that is tough, reliable and guaranteed to stand out.

Since its inception, Kamiliant has been successfully growing across a multitude of retail channels including independent luggage retailers and major department stores across Asia, the Middle East and India. Asia's highly demanding consumer markets such as Japan, Korea, Hong Kong and Singapore have embraced the Kamiliant brand as an outstanding value offer.

Kamiliant's popularity has continued to rise due to its ability to appeal to a broad audience with a bold, unique and affordable approach to great quality luggage. The brand targets travellers who are increasingly looking for luggage that expresses their personal style. Kamiliant gives on-trend colour options to stand out from conventional luggage and make your individuality clear, along with more features than ever before.

Kamiliant luggage comes with a worldwide warranty, with service centres in over 100 countries. An extension of the American Tourister family, it's affordable and developed for the budget-conscious traveller who doesn't want to compromise on quality and style.
