Hero Features

A Battery that Lasts and a Body that Endures!

Rigorously tested for durability

Polycarbonate unibody, toughened display glass and IP52 protection rating. C22 is better protected against drops, dust, and spills.

5000mAh Long-lasting Battery

Big battery capacity and the latest battery-saving features like app hibernation and battery saver.

Photography

Bespoke imaging algorithms bring powerful Night and Portrait modes to both the dual 13 MP rear camera and the 8 MP selfie camera. Crisp low-light shots and beautiful portraits, day or night, front or back.
